

Canadian Insurance Brokers Inc

Our job is to identify risk and protect the client; Our focus is asset protection.

Manufacturing

With our knowledge and access to the markets, we have been successful in developing solutions to the insurance problems faced by North American Industry. We offer comprehensive insurance programs for every manufacturing sector covering all facets of the manufacturing process, whether they are working with wood, metal or plastic. We represent insurers who specialize in providing insurance for products and locations in the United States and World Wide.

Construction

Demolition, renovation, reconstruction and new construction projects. Contractors face many challenges with regard to insurance and we understand them and have the answers they need. Clients include general contractors, all classes of sub-contractors, consultants and property managers.

Property Management

We handle the insurance needs of many Developers, Property Managers, Condominium Corporations and Independent Builders. We have been successful in devising and placing tailor-made solutions to meet their individual insurance requirements. Canadian Insurance Brokers Inc. has built a first class reputation for advising on the most appropriate underwriting programs from the initial design stage to the actual management of the completed project.

Chemicals

For many years we have successfully devised and placed insurance programs for a wide range of clients in the Chemical Industry. From blending and processing to storage and transportation, our policies cover both hazardous and non-hazardous products including environmental liability exposures.

Transportation

By specializing in insurance for the Transportation Warehousing Industries, we have developed unique relationships with key underwriters which enable us to secure the very best terms for our clients. We are fully conversant with customs bonds, fuel tax bonds and related filings for U.S. transportation, and also assist in loss prevention and driver safety incentive plans.

Unique Classes

There are many clients that don't fit neatly into any of the other categories and may possess unusual or unique coverage requirements and exposures to risk. We Have a wide range of experience in assisting these clients where "off the shelf" solutions rarely apply.

Following are some of the classes of risk that we have as clients:

- Charitable organizations
- Sporting events and activities
- Culture and Entertainment
- Teaching Centres
- Importers & Exporters
- Medical services and products
- Waste management services

V.I.P. Personal Insurance

We offer a special VIP service for home, cottage, automobile (including recreational vehicles) and marine insurance requirements. We deal with premier insurers that specialize in offering exclusive coverages for carriage-trade clientele. In this way, our clients can benefit from our expertise and receive superior coverages and service.
